

## Swing-Arm Forklift Boom

### DESCRIPTION

Forklift boom connects to a forklift truck to lift and transport large slabs

This innovative Swing-Arm Forklift Boom attaches to your forklift and extends its reach, allowing you to safely and efficiently move heavy slabs.

With its adjustable length and durable construction, these Forklift Attachments are a must-have for any workplace dealing with large lifting.

### FEATURES

- Easy to adjust lengths for many different load capacity levels.
- The swingarm has 4 lock points and various angles with lengths extended up to 109 7/16" (2780 mm) to increase safety for workers and slabs
- Forklift Attachments can move slabs in any direction as your need
- High workload limit up to 6160 lbs (2800 kg)
